Timber Holdings USA  
FSC Chain-of-Custody – Systems and Procedures  
Documented Control System 2016 2017 - Bow, NH

## Exhibit A – Commitment Statement

Timber Holdings USA is a premier specialty forest products importation and distribution company. As industry leaders, we hold ourselves to a very high standard with respect to our conduct and integrity as forest stewards. Demonstrating our commitment to forest sustainability, we voluntarily participate in the FSC Chain of Custody certification program and support all sustainability initiatives that recognize and promote the life cycle environmental benefits associated with the specification and utilization of naturally renewable wood products through consumer awareness and vendor accountability. As company who will be certified to the FSC chain of custody standards certified by RA, we pledge to uphold all standards set forth by the FSC with respect to insuring the integrity of the FSC certified products we buy and sell.
